rules and regulations of the various, the administrative rules and regulations. The amended adopted by the Committee adds State Law Library to the bill. The bill provides for distribution of Rules and Regulations to the County Law Libraries so this adds the State Law Library. I move the adoption of the amendment.

SPEAKER: No further discussion. What is it, amendments or the bill? The question is, shall the Committee amendments be adopted? Have you all voted? The Clerk will record.

CLERK: 25 ayes, 2 nays, 22 not voting.

SPEAKER: The amendments are adopted. Senator Duis, what do you want to do with the bill?

SENATOR DUIS: Mr. President, I would move to advance LB 267 as amended. LB 267 provides for distribution to the County Law Libraries and with the amendment to the Supreme Court Law Library here, a copy of the Rules and Regulations and its changes as they occur so that all the attorneys and anyone of the people of the state of Nebraska may have access to them by going to the County Law Libraries. There is 71 County Libraries in the state of Nebraska and this will put the Rules and Regulations, which we are controlled probably more than we are by statutes, at the disposal of the people of the state of Nebraska so that they can find out what they are. They have been catalogued, indexed and they will be already to go so that when they call the proper place, they will be able to find the Rule and Regulation that they so desire. In addition to this, it will allow those who desire to subscribe and pay for the distribution to them and the amendments thereto to be able to do so.

SPEAKER: Any further discussion. The question is, shall the bill be advanced to E & R for enrollment? Have you all voted? The Clerk will record.

CLERK: 26 ayes, 0 nays.

SPEAKER: The bill has been advanced. LB 245. Senator Murphy, for what purpose do you arise?

SENATOR MURPHY: A question with respect to this last bill. Mr. Speaker, I do think we need an A bill on it.

SPEAKER: Do you care to respond to that, Senator Duis?

SENATOR DUIS: You are absolutely correct and I am waiting for it to show up here so that I can introduce it, rather the fiscal staff will introduce it for me and until such a time, I can't take it up. Actually, what has happened here, there has been a correction in the fiscal note that reduced it considerable and I doubt if they will have the A bill up here probably until after we get back from recess.

SPEAKER: LB 245.

CLERK: LB 245 introduced by Senator Dickinson of the 31st District. Read title. There are Committee amendments by Senator Kennedy's Public Health and Welfare Committee.

SPEAKER: The chair recognizes Senator Kennedy.
